Dear South Dakota National Guard Parents,

Hello from the SDNG Child and Youth Program!

April is Month of the Military Child. Please join us in thanking your children for all that they do!

This is the time to recognize the character, strength, and sacrifices of our military youth. They are impacted on a daily basis, whether their service member is home, deployed, at drill, or attending a training or school. As a valuable part of our family and community, they serve too!

There are more than 7,000 military children in South Dakota - of these children and youth, more than 3,600 are directly affiliated with the South Dakota Army and Air National Guard.

Please remember and honor the military children in your life. The theme for this year's Month of the Military Child is "Military Kids: Heroes for the Future." Please find enclosed a certificate that is signed by MG Reisch, Adjutant General of the South Dakota National Guard. Please add your child's name and present this certificate to your child in recognition of all that they do. Additional copies can also be made by going to our Family Programs website at <https://sdguard.ngb.army.mil/sites/famsup/default.aspx> - select "Youth Program" on the left-hand side and then "Month of the Military Child." You can also contact me direct for more copies or to personalize your certificates as well.

Enclosed is also a copy of an Executive Proclamation from Governor Daugaard, proclaiming April 2012 as Month of the Military Child, as well as information regarding the Child and Youth Program and several resources that are available to your children and your family. Please contact me if you have any questions.

Help honor and celebrate our military children!

Thank you!

SDNG CHILD & YOUTH PROGRAM

Developing Tomorrow's Leaders from Today's Young Heroes

The South Dakota National Guard Youth Program was implemented by the National Guard Bureau in 2001. We have grown tremendously since that time. The goal of our program is to support the social, emotional, and academic needs of military children and youth in South Dakota. We strive to do this by implementing programs and activities that promote leadership and character development, build confidence, and help youth connect with other military youth throughout the state and better understand their role as a military child. We also provide information and resources to youth and their families and partner with other organizations.
